A Cremation Service Started By Veterinarians

VHA's cremation services were started by veterinarians to provide a dignified, clean, reliable, and respectful method of handling deceased pets. We strive to provide you a quality service that you can rely on. Multiple checkpoint systems are in place to ensure that pets are cremated exactly to the client's wishes. We have offered this service to hundreds of veterinary hospitals since 1986. We developed this service to help you, the clinic, to provide a smooth process for your clients.

Veterinary Hospitals Association is a proud member of the International Association of Pet Cemeteries and Crematories.

Dignified and Caring Service for Your Clients

When your clients lose a pet companion, they deserve the highest level of compassion, service, and care. As their trusted experts and doctors, your customers are looking for the appropriate levels of respect and service for the final care that their devoted pet deserves. The care and sensitivity exhibited by VHA is an important part of our pet cremation services.

VHA provides a dignified, caring, and reliable cremation service, owned and supervised by member veterinarians. This service allows veterinarians to transition their clients through the loss of their pet. VHA recognizes that pets are members of the family, and the loss of a pet can be very difficult. Our multiple checkpoint system ensures that the cremation of each animal meets the owner's wishes.

Standard Return Urns

Our Standard Return Urns are thoughtfully selected to provide a dignified and respectful way to return your pet's cremated remains. These seven classic options offer a simple, timeless design suitable for families seeking a meaningful yet uncomplicated choice.

Personalized engraving is not available directly on Standard Return Urns; however, engraved memorial plates may be purchased separately.

SCATTERING URN

Home is where their pet's life and memories were made. Scattering Urns are designed to provide a dignified, easy-to-use option for scattering cremated remains in a meaningful place, such as a backyard or favorite outdoor space. Lightweight and secure, these urns support a respectful farewell and a moment of remembrance, connection, and peace.

Glass Memorials

These glass memorial keepsakes are individually hand blown and sculpted in the United States by artists. Molten glass is at temperatures over 2000° F which is a higher temperature than most cremation processes. When the glass is molten, the cremains are carefully incorporated into the glass. Since glass is at a higher temperature than the cremains, the carbon is burned off and the cremains turn a brilliant white color within the glass.

Glass keepsakes are hand made using special coloring treatments during the creation process. Memorial colors may vary slightly.

Grief Support

The books available through the VHA warehouse are thoughtfully selected to support families as they navigate the loss of a beloved pet. Written in gentle, accessible language, these resources help explain difficult moments, encourage healthy grieving, and provide comfort for individuals and families of all ages.

Our collection includes books designed to help children understand loss, guides that explain end-of-life decisions with compassion, and memory books that allow families to reflect, record, and celebrate the life of their pet. These books offer meaningful support during a difficult time and serve as lasting tools for remembrance and healing.

A FINAL ACT OF CARING

Explains the euthanasia procedure in comforting, non-clinical language and offers guidance when painful decisions must be made. Also covered are ways to pay last respects, help children deal with the loss and memorialize a cherished animal.
